9 <sup>th</sup> October 1944	Theresienstadt	1600	12 <sup>th</sup> October 1944	Auschwitz

The transport's designation in Theresienstadt was "Ep". Out of this transport, a few handed young and healthy individuals were interned, after "selection", in the Birkenau transit camp; the others were immediately killed in the gas-chambers. With only 42 survivors (2.6%), this transport had the highest death rate in this group or transports. At the same time, several transports carrying Jews again arrived in Auschwitz from Slovakia.
